Bret:

What we see as the final Consent Decree is the version I emailed to Kevin on June 8th. I'll forward that email to you after sending this one. I was assuming Kevin would print the CD. Depending on which version of Microsoft Word you have, you may need to press "accept changes" to get it to print without the changes from the last draft showing up on the paper version.

What we see as the final Appendices are the ones that I sent by U.S. mail to Kevin on June 20, 2007. That letter included five of the six appendices, i.e., Appendices B through F. The one that was not included with that letter was Exhibit A, which was the ROD from July of 2005. I did not include the ROD with the June 20th letter because it is fairly long and I assumed you already had it anyway. However, a month or so ago, I had some extra copies of the ROD copied (for use as exhibits to the various copies of the CD), so if you'd like a copy, please let me know. Also, if you want another copy of the June 20th letter with the enclosures, please let me know.

I hope this helps.

Peggy:

Kevin has asked me to take the lead in getting the CD finalized. For whatever reason the only documents we received from you were the few exhibits you sent out. I haven't seen a complete set. Did you intend for us to print out the documents and assemble a set here? If so, please email me what you consider to be the final CD and SOW.

Thanks,

Bret
